Churches take on Plastic

Christians in BANES are going to be challenging the use of unnecessary plastic. All you need to do is to either pick up a copy of template letters from the Church foyer or download them from the Church website and then write to the company concerned asking them to change. Then simply sign on the sheet provided in church. Please will you take action to preserve our Father's amazing creation.

Repair Café Launch - Saturday 22nd June

We recently held an open meeting about the proposed Repair Café. The meeting was well attended and we have a number of offers for repairing things and helping out with refreshments. We're planning for a launch on 22nd June and will be a planning meeting on **Monday 17th June at 7.30pm**. Please come along if you would like to be involved or see Ian Souter for more information. Let's hope we can start getting repaired goods back into the hands of happy owners!

Green Tip of the Week

Compost is wonderful stuff. Get a cheap compost bin, or just create an area outside. Site it in a sunny position and chuck all your garden waste into it and your peelings and banana skins etc. In six months you'll have free compost that'll make the garden even better.
